Education

Georgia Institute of Technology   **Aug 2024 – May 2029(expected)**
 Ph.D. in Human-Centered Computing(HCC)
 Advisor: Prof.Cindy Xiong Bearfield

Tsinghua University   **Aug 2019 – July 2024**
 B.Eng in Industrial Engineering   *GPA: 3.83/4.0*
 Minor in Psychology

Cornell University   **Jan 2023 – May 2023**
 Exchange Program in Information Science   *GPA: 4.11/4.3*

Publications

Fengyuan Liu, **Yishu Ji**, Xin Lei, Pei-Luen Patrick Rau. **"Responses to Human and Robot Errors in Human–robot Collaboration: An fNIRS Study"**. In: *Proceedings of the International Conference on Human-Computer Interaction*. HCII'24

Zhipeng Li, **Yishu Ji**, Ruijia Chen, Tianqi Liu, Yuntao Wang, Yuanchun Shi, Yukang Yan. **"Modelling Effects of Visual Attention on Noticeability of Body-Avatar Offsets in Virtual Reality"**. [In submission to: *The 37th Annual ACM Symposium on User Interface Software and Technology(UIST'24)*]

Research Experience

Tsinghua Pervasive Human Computer Interaction Lab   **2022 – 2023**
Research Assistant, advised by *Prof.Yukang Yan* and *Prof.Yuanchun Shi*
○ Developed a computational model of user's perception of inconsistency in User-Avatar movement in VR.
○ Designed a user study and developed a **Unity 3D**-based study platform to conduct the experiment.
○ Performed statistic analysis of the experimental data to yield insights.

Cornell CIS Artifact Lab   **Summer 2023**
Research Assistant, advised by *Prof.Jeff Rzeszotarski*
○ Built up tools with large language models to assist data analysis and visualization.
○ Designed and implemented user studies to examine the assistive performance of models on data exploration.
○ Constructed behavioral models for data exploration processes, and developed design prototypes.

Related Course Projects

"Data Visualization Principles" – Final Project
○ Developed a webpage to visualize the traffic data of Atlanta.

"Qualitative User Research and Design Methods" – Final Project
○ Conducted a meta-research to help junior UX designers foster empathy with their users.

"HCI Theory and Technology" – Final Project
○ Developed an Android gallery APP to help users manage photos according to the context.

Honors and Awards

Tsinghua University "December 9th" Scholarship (50/3500)   **2021**
○ The highest scholarship for sophomores in Tsinghua University.

Tsinghua University The Comprehensive Excellence Award (10/60)   **2023, 2022, 2021, 2020**

Skills

Data Processing and Analysis
○ Applied statistical analysis (R, SPSS)
○ Data visualization (Tableau)

Yishu Ji

Programming
- Programming language (Python, C, JavaScript, HTML) and Database system (SQL)
- Game engine (Unity)
- Machine learning framework and algorithm (sklearn, PyTorch)

Design and Experiment
- Human factor experiment design
- Qualitative (interview, participatory etc.) and quantitative (fNIRS, etc) research methods

Community Invlovement

Student Union of IE Department – Minister of Diplomacy 2021 – 2022
